Global
PRESENCE

OUR
JOURNEY THROUGH
MILESTONES ➡

2017

Entering the Sanitaryware Industry We embarked on our journey in the sanitaryware industry, with a mission focused on delivering products of the highest quality, admired internationally.

2018

Strong Presence in North India We established a robust presence in North India, marking a significant step in our growth and recognition within the market.

2020

Vanity Manufacturing Unit Established In response to growing demand, we proudly opened our vanity manufacturing Unit.

2019

Significant Expansion to South India Our journey continued with the establishment of a notable presence in South India, further expanding our reach and influence across the country.

2021

Global Market Expansion We made a leap into the global market, solidifying our presence beyond Indian borders and showcasing our products to the world.

2022

Second Manufacturing Unit to Meet Market Demand To cater to the increasing market demands, we launched our second manufacturing unit, ensuring timely and efficient delivery of our high-quality products.

2024

Third Manufacturing Plant to Meet Overwhelming Demand Due to an overwhelming market response and acceptance as a leading brand, we launched our third manufacturing plant, scaling our production to new heights.

2023

Influence in the Ceramic Industry Our brand's influence and reputation soared within the ceramic industry, further establishing ourselves as a key player.

2025

Exciting Developments in the Bathware Segment Stay tuned for exciting developments in the Bathware segment this year, as we continue to innovate and lead the industry with our products.

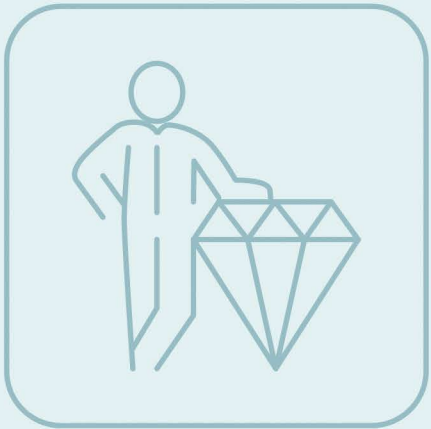

OUR MISSION

At Senisto Sanitaryware LLP, our mission is to elevate everyday living by providing premium-quality, innovative, and stylish sanitaryware solutions. We are dedicated to combining functionality with aesthetics, ensuring that our products meet the evolving needs of modern homes and commercial spaces. Through advanced manufacturing, sustainable practices, and customer-focused service, we strive to create a brand that stands for trust, excellence, and innovation in the global sanitaryware industry.

OUR VISION

To be a leading global brand in sanitaryware, recognized for innovation, quality, and customer satisfaction. We aspire to expand our presence across diverse international markets, offering products that blend design, technology, and sustainability. By continuously pushing the boundaries of creativity and efficiency, we envision a future where Senisto Sanitaryware is synonymous with excellence and sophistication.

OUR PRODUCTION

At Senisto Sanitaryware LLP, we combine advanced technology, skilled craftsmanship, and strict quality control to produce world-class sanitaryware. Our state-of-the-art manufacturing units ensure precision, durability, and innovation in every product. We prioritize efficiency and sustainability, using eco-friendly practices and water-saving technology to create one-piece toilets, wall-hung toilets, basins, and more. With a focus on excellence, we deliver products that are beyond imagination and inspired by your imagination.

QUALITY PROCEDURES

We follow strict quality control measures at every stage of production:

1. Raw Material Inspection – Testing for purity, consistency, and composition.
2. Precision Molding & Casting – Ensuring accurate shapes and defect-free structures.
3. Drying & Firing – High-temperature kiln firing for maximum strength and durability.
4. Glazing & Finishing – Applying scratch-resistant, anti-bacterial coatings for a long lasting finish.
5. Final Quality Check – Products undergo leakage, strength, and surface quality testing before packaging. With a commitment to excellence and precision, we ensure that every Senisto Sanitaryware product meets the highest durability, functionality, and aesthetic standards.

EVERY TOILET IS BEING PASSED WITH BELOW TESTS :

1. 100 Ball Test
2. Glossiness Test
3. Whiteness Test
4. Ink Test
5. Over Splash Test
6. Saw Dust Test
7. Leakage Test
8. 400 kg Weight Test
9. Waste Extraction Test
10. Trap Diameter Test
11. Trap Seal Depth Test

RIMLESS TECHNOLOGY

At Senisto Sanitaryware LLP, we incorporate rimless technology to provide a more hygienic, efficient, and modern toilet design. Unlike traditional toilets with concealed rims that trap dirt and bacteria, our rimless toilets feature an open-rim structure, allowing water to flow smoothly and clean the entire bowl with every flush. This ensures better hygiene, effortless maintenance, and a sleek, contemporary look. With a focus on innovation and practicality, our rimless toilets are designed to enhance both functionality and aesthetics, making them a perfect fit for modern homes and commercial spaces.

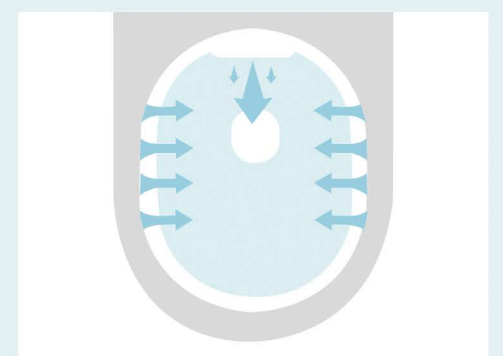

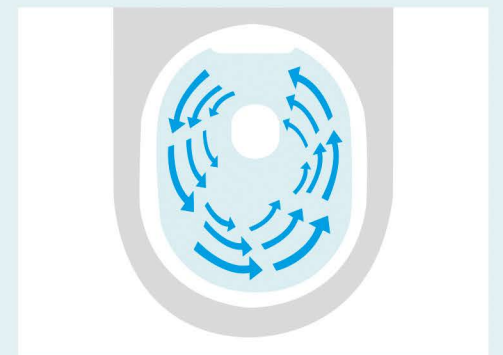

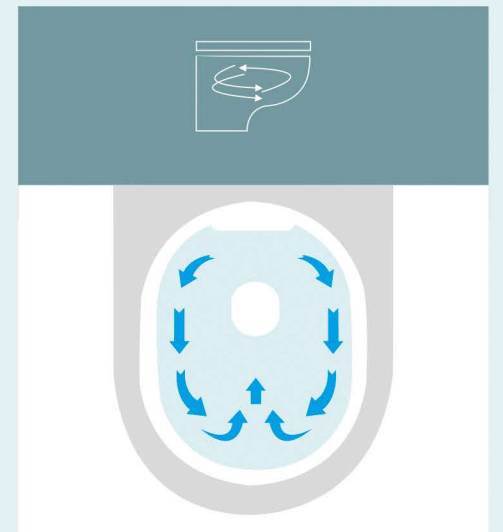

TORNADO FLUSH

Tornado Flush technology uses powerful swirling water jets that create a 360-degree cleaning action, covering the entire bowl. This ensures thorough waste removal, reduced water consumption, and minimal splashing, making it highly efficient and hygienic. Syphonic Flush uses a vacuum effect, where water is forcefully drawn out, creating a strong suction to remove waste effectively. This system offers a quieter flush, deeper bowl cleaning, and improved water efficiency, making it ideal for modern spaces. A combination of Tornado and Syphonic technology delivers the best of both worlds—a powerful swirling flush with a strong suction effect. This ensures maximum waste removal, minimal residue, and ultra-clean performance, providing superior flushing efficiency with less water usage.

BOX RIM FLUSH

Washdown flushing relies on gravity and a direct water push to remove waste quickly. It is a simple, efficient, and eco-friendly system that prevents clogging and ensures a smooth flush with minimal maintenance.

TECHNOLOGY

ECO-FRIENDLY

Senisto Sanitaryware prioritizes sustainable manufacturing with eco-friendly materials and water-saving technology, reducing environmental impact.

GERMAN TECHNOLOGY

Our products incorporate advanced German engineering, ensuring precision, durability, and superior performance.

EASY TO INSTALL

Designed for quick and hassle-free installation, our sanitaryware saves time and effort.

TAKE-OFF SYSTEM

Our innovative take-off system allows for easy removal and reinstallation, simplifying cleaning and maintenance.

WATER SAVING

With efficient flush technology, our products reduce water consumption without compromising performance.

STAIN-FREE

Special glazing and surface treatment prevent stains, keeping the surface shiny and spotless for years.

SOFT CLOSE

Our soft-close seat covers ensure silent, smooth closing, preventing noise and damage.

HYGIENIC

Designed for maximum cleanliness, our sanitaryware resists bacteria buildup and promotes a healthier environment.

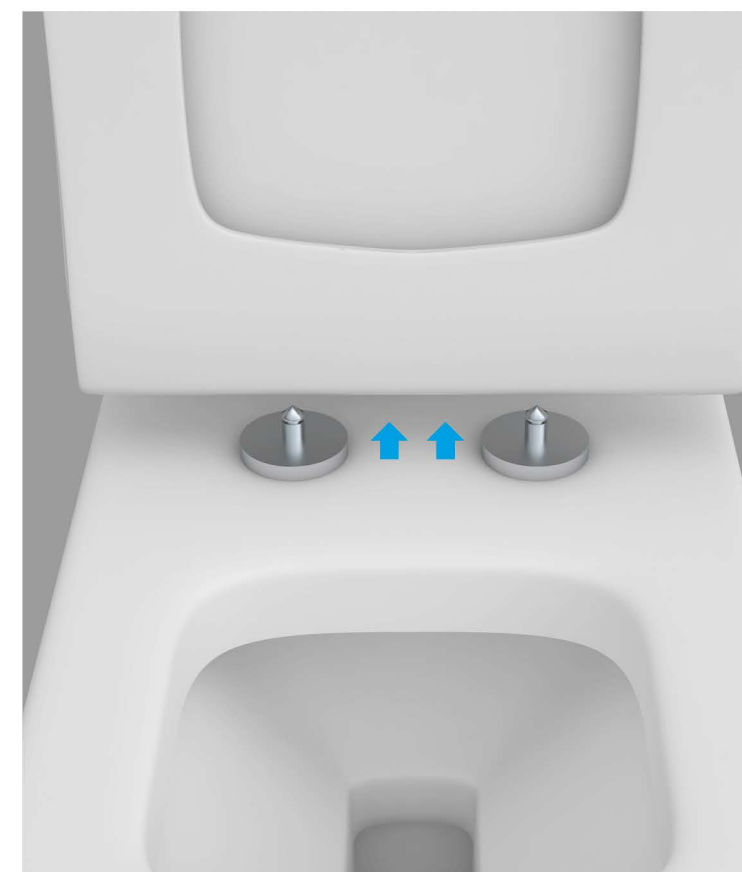

EASY TO CLEAN

With smooth, rimless designs and dirt-resistant surfaces, our products are effortless to clean and maintain.

ANTIBACTERIAL FINISH

Why Choose Senisto

At Senisto Sanitaryware LLP, we are committed to delivering innovation, quality, and excellence in every product. Our sanitaryware is crafted using premium materials, advanced technology, and strict quality control, ensuring durability, efficiency, and elegant designs. With a strong presence in the global market, we cater to diverse customer needs while maintaining international standards. Our products are designed for superior hygiene, water efficiency, and effortless maintenance, making them the perfect choice for modern homes and commercial spaces. Choose Senisto for sanitary solutions that go beyond imagination and are inspired by your imagination.

FEATURES OF WATER CLOSETS

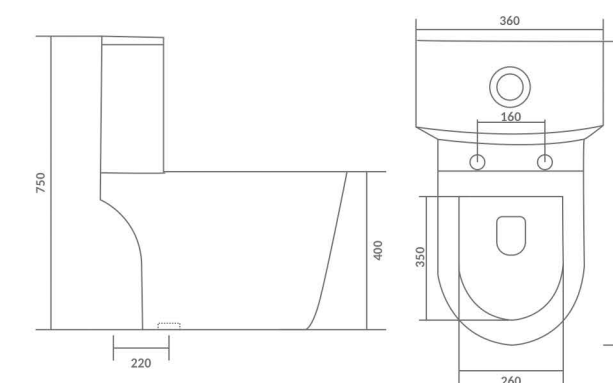

LEXUS - S (Syphonic)

Size : 700x360x750mm

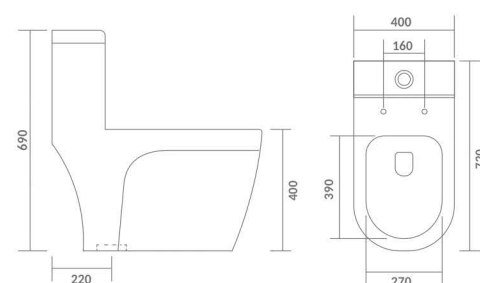

28" x 14" x 30"

Centre of outlet to wall 220mm (9")

One-piece closets are the perfect blend of elegance and efficiency. Designed with a single, seamless structure, they not only enhance the aesthetics of modern bathrooms but also ensure easy cleaning and maintenance.

TOYOTA - S (Syphonic)

Size : 720x400x690mm

28" x 16" x 27"

Centre of outlet to wall 220mm (9")

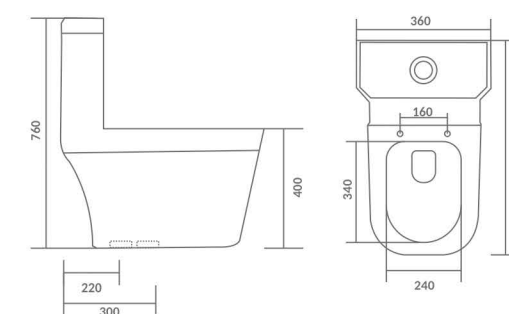

LEXONA - S (Syphonic)

Size : 700x360x760mm

28" x 14" x 30"

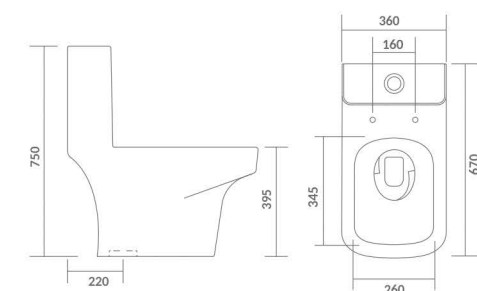

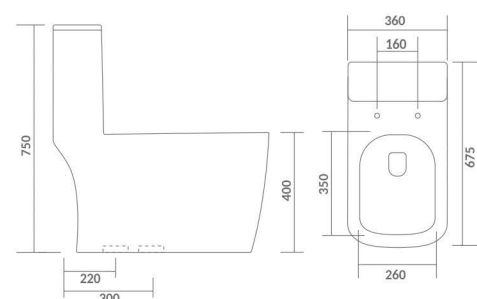

Centre of outlet to wall 220mm (9") / 300mm (12")

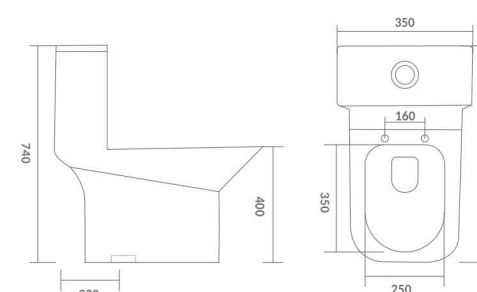

With a sleek, joint-free design, one-piece closets eliminate hidden gaps where germs can accumulate. The high-quality glazing resists stains and bacterial growth, while water-efficient flushing ensures a cleaner, more hygienic experience every time.

One-piece closets are built with a single, seamless structure, eliminating joints and connections that can cause leaks over time. This sturdy design enhances durability, reduces maintenance, and ensures a hassle-free experience for years to come.
